

XM radio has been has been a godsend, the area in live in does not provide me with a clear continous signal. Before XM radio I never listened to the radio, instead I would listen to music cd's.

I drive on average two hours a day to and from work and on the week ends I travel to Arizona, XM with it's continous signal and variety of channels has made my drive time more enjoyable.

I urge you to reject NAB's petition 04-160 since I pay for the services I feel I should receive what I want.

Thank you

Fred Stoiber
